for a country smaller than vermont with roughly the same population as honduras modern israel receives a remarkable amount of attention for supporters it is a unique bastion of democracy in the middle east while detractors view it as a racist outpost of western colonialism the romanticization of israel became particularly prominent in 1967 when its military prowess shocked a jewish world still reeling from the sense of powerlessness dramatized by the holocaust that imagery has grown ever more visible with israel s supporters idealizing its technological achievements and its opponents attributing almost every problem in the region if not beyond to its imperialistic aspirations the contradictions and competing views of modern israel are the subject of this book there is much to consider about modern israel besides the middle east conflict over the past generation a substantial body of scholarship has explored numerous aspects of the country including its approaches to citizenship and immigration the arts the women s movement religious fundamentalism and language but much of that work has to date been confined within the walls of the academy this book does not seek not to resolve either the country s internal debates or its struggle with the arab world but to present a sample of contemporary scholars discoveries and discussions about modern israel in an accessible way in each of the areas discussed competing narratives grapple for prominence and it is these which are highlighted in this volume

how do colonial legacies shape contemporary realities in the arab majority region what possibilities exist for decolonial futures this groundbreaking volume brings together interdisciplinary explorations of the enduring colonial condition in the arab majority region moving beyond reductive analyses and engaging deeply with a variety of histories lived experiences and theoretical tools across its chapters the collection exposes how various structures and institutions operating at diverse sites and scales constitute a contemporary entangled coloniality and offers pathways and resources towards moving beyond this from for and contra the region in the shadow of ongoing colonial violence this collection is both an urgent critique and a hopeful call for new ways of knowing and reimagining the future of the arab majority region

for centuries ignatius of antioch has been underestimated by his admirers and vilified by his critics scholars tend to view him

as either a careless epistolographer and lesser theologian or a manipulative ecclesiastical politician seeking to gain sympathy for himself and support for his agenda critics feel that he departed dangerously from the pure pauline gospel of justification by faith and veered off into early catholicism if not gnosticism learning christ represents a thorough reevaluation of ignatius as author and theologian demonstrating that his seven authentic letters present a sophisticated and cohesive vision of the economy of redemption gregory vall argues that ignatius s thought represents a vital synthesis of pauline johannine and matthean perspectives while anticipating important elements of later patristic theology topics treated in this volume include ignatius s soteriological anthropology his christology and nascent trinitarianism his nuanced understanding of the relationship between judaism and christianity and his ecclesiology and eschatology methodologically learning christ can be situated among recent attempts to recover a genuinely theological approach to early christian texts within the perspective opened by modern historical critical research it aims to interpret ignatius s thought in a manner that is authentically rooted in the communicative intention embodied in the text of his letters while avoiding the historicist reduction of their significance to its hypothetically reconstituted contextual meaning vall argues that we can learn a great deal from ignatius both about the content of revealed truth and about how to do theology

agriculture and rural society youth programs community development incorporation of women cooperatives trade unions and histadrut science research and higher education

this bibliography brings together a rather diffused literature from many different disciplines in order to provide a research tool for scholars interested in the subject the area covered is most of the islamic world although the concentration is on the core area of the middle east and north africa the bibliography focuses on western language literature esp english german french and to a lesser extent spanish coverboard slightly wornout spine has a very minor tear text absolutely clean condition good
